ANDREW MATTEUCCI

"He is my personal therapist at CHS!"

"He is the type of person that everyone knows and everyone feels comfortable with."

"He came in with our class and has built a great environment in his plus block and classes."

"He had gotten to know a large amount of our class over the last four years, and you could say he sort of grew with us."

A MESSAGE FROM YOUR CO EDITORS

Class of 2024,

I have been beyond honored to be able to create the 2024 yearbook for my fellow seniors.

We just graduated high school! An immense amount of planning, effort, and time has taken place behind this book. At first, it felt like we had lots of time to work on it, but now, writing this - where'd all the time go?

I remember when we began with last minute meetings at Pressed thinking we had so much time, to meetings every day after school, ordering food to keep us motivated, getting ready together for Friday Night Lights, blasting music, and the bonding events that turned into yearbook planning. Growing up at CHS felt unreal—knowing I had a game, a pep rally coming up, or any event for the yearbook helped me get up in the morning. We all put glimpses of us and it was an honor to keep my impact throughout the book as Co-Editor.

I hope as this turns into a past life you become more and more aware of all the memories you might have missed. When you look back on this book through your adult years, I ask you to remember that all grown ups were once children, but only a few of them remember it. Continue to live young, wild and free and thank you for giving me the privilege of being your 2024 Co-Editor.

Sincerely Yours,

(P) Ponsavanh Nokham-Naylor
Co-Editor in Chief 2024

To the Class of 2024,

As a Junior, I have lived my life looking up to the Class of 2024 above me. I have watched you all grow up and I have followed in your footsteps. I am extremely proud of the lives you have created and the people you have become. Looking back at the long car rides with my Mac Book on my lap, using my hot spot for wifi, and last minute meetings at Pressed Cafe, this book has come a long way. I'm incredibly honored to have the opportunity to be able to create this book for all of you. It's been a crazy year in the making, but I'm so happy and proud of how it's come out and excited that you have the chance to see it. Being the first Junior Co-Editor at Chelmsford High School was a challenge and a privilege. I want you to look back at this book, to remember the good times you've had throughout the past year and see how much you all went through together. From the Senior Halloween Dance to Prom, I've had an amazing time capturing each moment of fun and chaos. Late nights and long tests, you've all made it so far, and through the light and dark, I hope this book is something you cherish, the same way I know the editors and I will. And as Enola Holmes would say, "Our Future Is Up To Us.", live out your lives to the fullest and create chaos like all you did these past 4 years. Thank you for being you, and allowing me to capture all these amazing moments as your 2024 Co-Editor in Chief.

All the Best,

(Koli) Koliyanei Seng-Ty
Co-Editor in Chief 2024

A MESSAGE FROM OUR PRINCIPAL

Congratulations on a successful high school career. Thank you for all of your hard work, your caring and all that your class did to make Chelmsford High School one the best high schools in the state. As you venture out into the next stage of your life, know that even though the world is big, you are an important part of it. All of you have a lot to offer. Your future is bright. I wish all of you the best of luck.

MESSAGES FROM OUR DEANS

To the class of 2024,

It has been a pleasure to get to know so many of you over the past four years. The amount of growth, maturity and development that has been witnessed is encouraging to say the least. Each day the resilience and determination needed to overcome future obstacles was present and leaves us at CHS comfortable knowing that you all are ready for the next chapter in your story. Congrats on all of your accomplishments and best of luck with all things moving forward. Lean on that resilience, determination and grit to persevere.

Dean MacIsaac

Congratulations to the class of 2024.

You have all come so far in the four short years you have been in high school. You have achieved greatness in your classes, on the fields, courts and stages and most importantly, you have achieved greatness within yourselves. Your class has come together to support one another through life's challenges, even without knowing it. Your class has completed endless hours of community service to better those around you. Your class has led CHS through a positive and transformative era. The start of your high school career may not have been normal, however, you all rose above the masks and persevered. I cannot say how honored I am to have had a chance to get to know you and how excited I am to see where you go next. Remember that every day that you are given should be used to make this world a better place. The world is already a better place with you all in it. Congratulations again to the class of 2024- you are amazing!

-Dean MacNeil

Congratulations to the Class of 2024!

I have only known you a short time, but I have truly enjoyed my time with you. I am very impressed with the perseverance, empathy, and determination you have demonstrated throughout your senior year. Many of you have faced challenges and obstacles that have left you feeling defeated, but you found ways to overcome them and made your way to the finish line. As you move forward to the next chapter of your lives, I encourage you to embrace the opportunities that lie ahead, reach for your dreams, and never stop learning. Remember to think back to the lessons you've learned at CHS. Congratulations, graduates, and best wishes!

-A MESSAGE FROM OUR 2024 PRESIDENT-

Dear Class of 2024,

Four years guys, we're all done. In a blink of an eye we grew taller, our brains grew bigger...well some of ours, our thoughts became deeper, and our wisdom became wiser. Since the first day of high school we all have come a long way, maturing in ways we would have never expected to in middle school. As we grew, we gained grit, determination, and work ethic, and I'm thrilled at the fact that Chelmsford has instilled that in us. We are built to never give up, never quit, never stop learning and that is the essence of humanity. As we move forward into our next chapter, keep this in your minds, think of success as reality instead of a dream, and work for it. Your dreams, wishes, destiny, and life are in your hands. As Ralph Waldo Emerson said, "The only person you are destined to become is the person you decide to be." So decide to be your own destiny.

As the house parties turn into college fraternities, as the daily text to lap during PLUS turns into a yearly visit from your best friend, as a two page essay turns into a twenty page one, I want you all to remember Chelmsford High School. Remember the family we created, the bond that is stronger than that of flint and steel. As an outsider, I never felt left out of the community, and I thank you for that. Since I moved here freshman year, you all have been the greatest friends, classmates, and peers I could ask for. For giving me an environment I felt comfortable in, I thank you. As weeks went by, I learned that Chelmsford is a town where opportunities are given, where you can achieve your dreams. I want every single one of you to chase yours, fight for them. It's worth it. As Nathaniel Hawthorne once said, "A single dream is more powerful than a thousand realities." Your dream can very much become your future if you want it enough, and if you ever feel lost in your journey, remember home.

I thank you all once again for a great senior year, a great senior kickoff, a great Halloween dance, a great pep rally, a great senior barbecue, a great prom, and great graduation. I stand with my peers in thanking our teachers, our administration and our coaches, we would have fallen flat on our faces without you.

I hope you all had the greatest senior year and I thank you for allowing me to be your president.

Yours truly,
Rohan Madhukumar

-A MESSAGE FROM OUR 2024 VICE PRESIDENT-

Dear Class of 2024,

We are special. People often use the term "special" to describe an object or event that occupies a permanent spot in their hearts. Based on that definition, there truly isn't a more fitting word that encapsulates our class. Through forming relationships with teachers, each other, and the Chelmsford community, we have made an everlasting impact on the hearts and minds of those who acknowledge us as special. Regardless of whether or not you choose to recognize it, the years you spent at CHS have significantly shaped the person you are and will be.

A majority of us likely can't comprehend how we've already graduated from a place that seemed like our forever. I have good and bad news for you: the good news is that you are done with high school. The bad news is that we now have to define our own forever. This means that there will be no pre-made schedules, adults to hold your hands, or familiar faces to support you everyday. However, there is only limitless opportunity. Today is the first day of the rest of your life. Nothing is guaranteed—relationships, careers, or a tomorrow. Your life is what you make of it. While everything may seem daunting, just remember that we are special. Congratulations to the graduating class of 2024, and thank you for allowing me the privilege to be your class officer. I cherish and will continue to treasure the last four years I have spent with you all. There is no doubt in my mind that we all have the capacity for success and nothing less. I am excited to see where our future takes us; oh the places you'll go.

Always, Class of 2024 Vice President,
Sherry Guo

-A MESSAGE FROM OUR 2024 SECRETARY-

Dear Class of 2024,

I am proud of each one of you. We have all faced one big, glaring challenge as a society, yet each of you has faced your own individual challenges. That, to me, is the biggest hurdle you have all faced. No matter how big or small you find your challenges, you fight them head-on, and you persevere. We are family, and it has been an absolute pleasure to watch as we lift each other to new heights every day we walk into our building - a building that sometimes might have it's flaws. Even though our school has its flaws like anything else in life, we are all still grateful for at least one thing at Chelmsford High, and that is what I want you to remember as you grow old. As your memory of Chelmsford High slowly fades to black, remember the one teacher who motivated you to get out of bed each day and thank them. Remember the friends you made, and reconnect with them. Remember your favorite hobby or sport, and reach out to the person who started your journey to thank them. An act of kindness could open up a door of opportunities for you and save a life for another, as you never know what one is going through. Personally, I would like to acknowledge principal Parks, who every day repeats the same mantra that I will take with me forever: "Have a great day or not, the choice is yours" (from former principal Al Thomas). Putting the positives in life in the front of your mind and tuning out the negatives will open up a world of change. The only thing more contagious than a positive attitude is a negative one. Each of you has a dream, and it is the expectation that you reach your dream in the future. Be successful. As Navy SEAL David Goggins once said, "From the time you take your first breath, you become eligible to die. You also become eligible to find your greatness and become a warrior." Harness your potential into your reality, and take the path of greatness. Be honorable to the point that you leave a trail that causes everybody to want to walk behind you, following your every move. I hope I made a positive change in your life, and thank you for allowing me to be a class officer.

Class of 2024 Secretary,
Nolan Busalacchi

-A MESSAGE FROM OUR 2024 TREASURER-

Dear Class of 2024,

As our childhood comes to an end, a new adventure is waiting for us all. Chelmsford High School will forever be a place full of wonderful memories, friendships, and a place that will connect us for the rest of our lives. I want you to think back to our online, covid-filled, freshman year. We were immature middle-schoolers who never even finished eighth grade, having no idea what was yet to come. We had no idea what bonds we were about to make with each other and the adults in this building. We had no idea that Friday night football games, school dances, pep rally, dodgeball games, and several more activities were going to be some of the best memories of our lives.

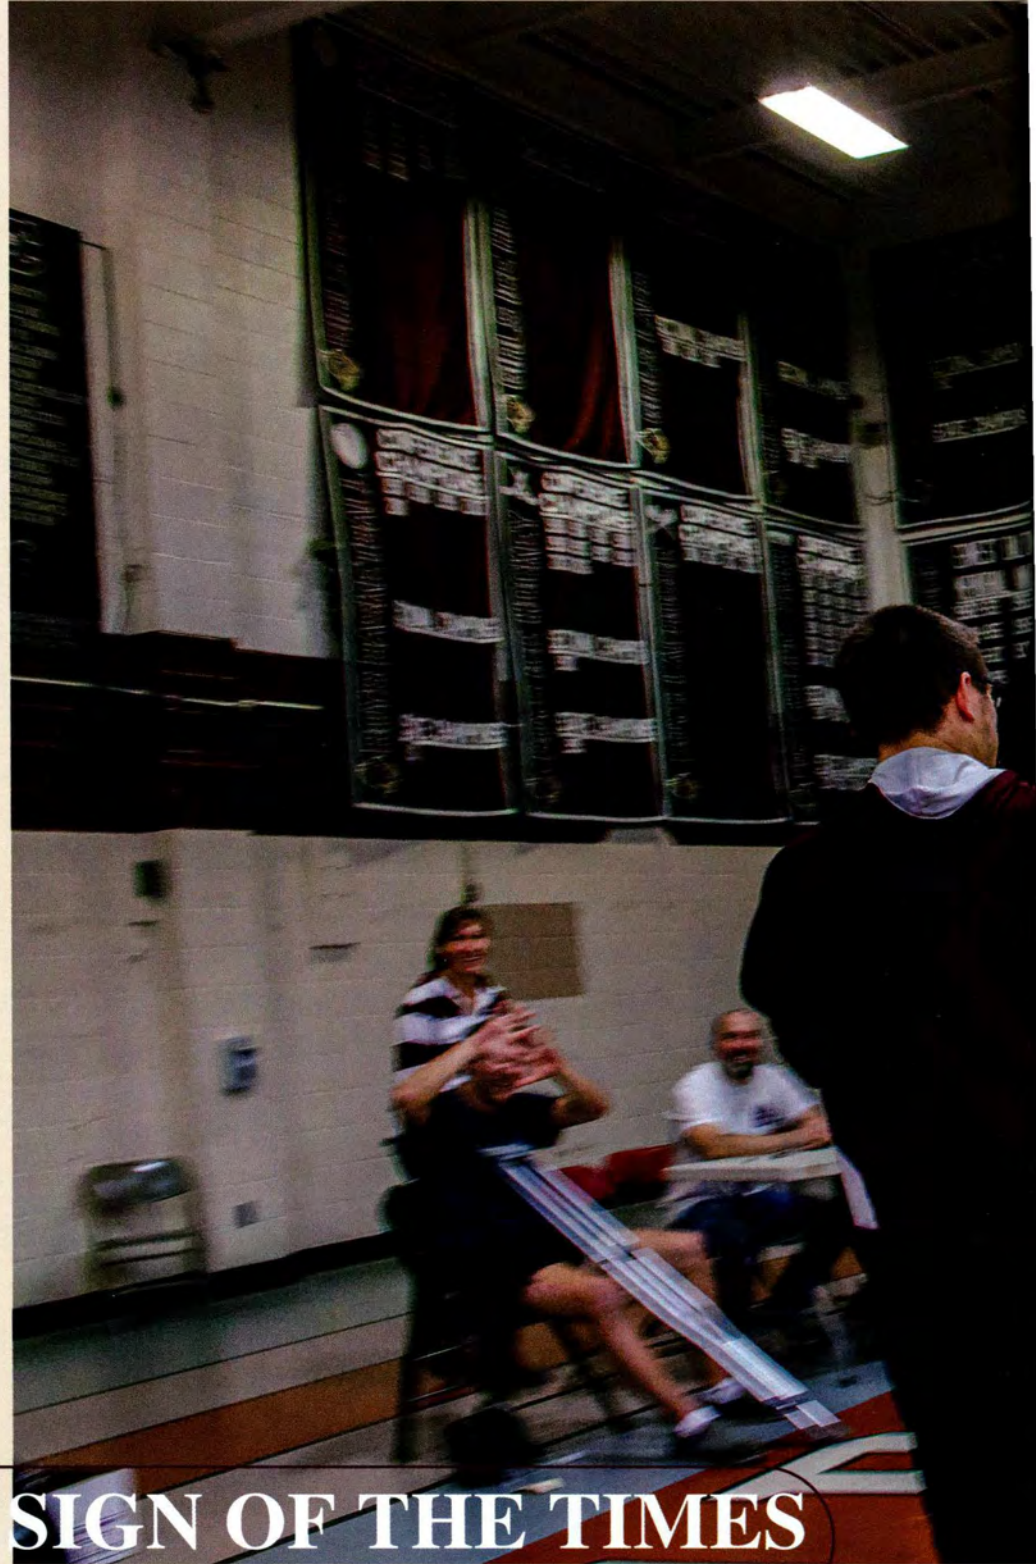

When adults in our lives told us growing up that senior year would be the best year of our lives, I don't think anyone believed them. But they were right. Senior year came and went faster than ever imagined, and I hope that when you all remember it, you think about the fun and excitement. Additionally, I hope you all look back and are proud of what you have accomplished and who you have become. I am extremely lucky to know many of you on a personal level, and I am forever grateful for you all giving me the opportunity to serve as your Senior Class Treasurer. I will forever admire you all and I hope that you go off to do great things after high school.

Growing up, my mom always told me something that I would like to share with you all- "No matter what, always start your day off with a smile." I hope that you all take this quote with you through life like I do. It is not worth it to start off your day angry about the last; it's not worth being sad about something when there is so much good in the world, and it sure isn't worth living life with anything but happiness because our time here goes by so fast. I mean, we have already graduated high school. We are onto that next chapter of our life that we have dreamt about since we were little kids. Let's collectively make a difference in this world because I know that each and every one of you can.

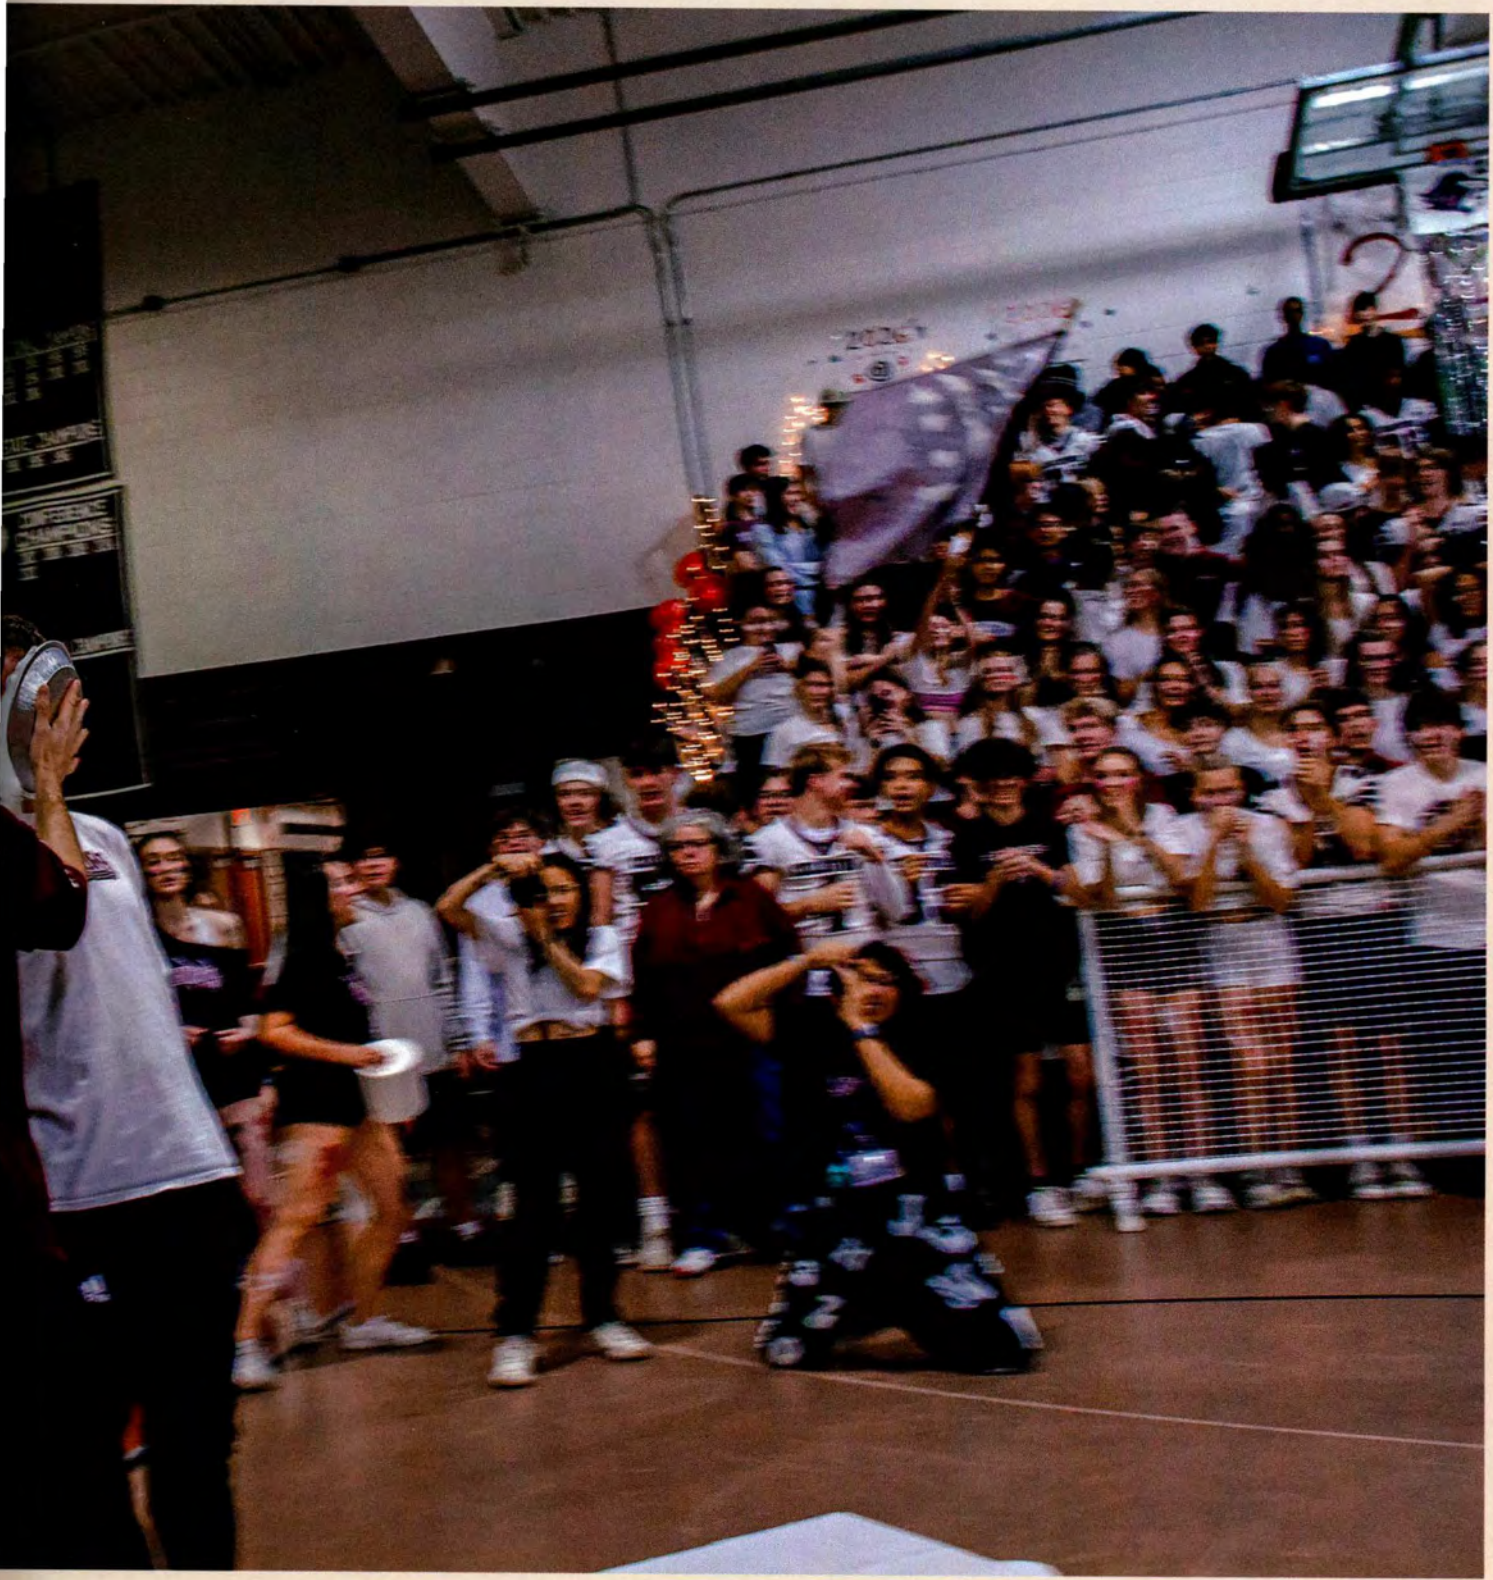

**Class of 2024 Treasurer,
Nina Fredericks**

Your high school experience has just ended, and hopefully by now my car still remains undented.

Your love of our foster dogs was amazing to see, and with your quick thinking brain creativity flows free.

You've taken some amazing trips, and for a few years all you ate was Ellio's and corn chips.

Later in High School you found some other fun like TV club, games and Model UN.

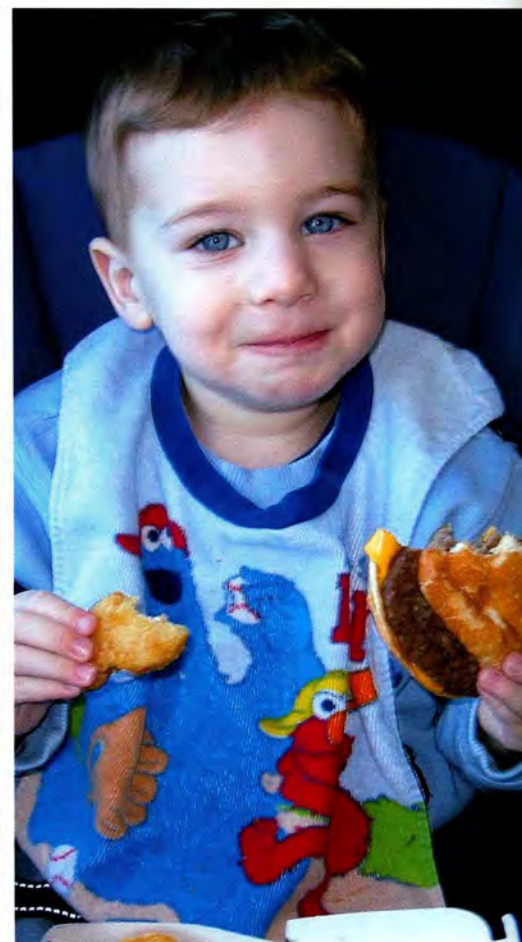

Your knowledge of Greek mythology and movies is so remarkable and often when you're talking you're simply unstoppable.

We are so proud of all you have done and all you've pushed through; now you actually know more than you think you do.

Your future is bright, full of promise and choice, keep moving ahead and never lose your voice.
